Global Enterprise Procurement Policy - 2026Document ID: POL-PROC-2026

1. IT Hardware & Equipment All IT hardware purchases must be sourced from vendors with a minimum rating of 4.0 out of 5.0.

- **Laptops & Computers:** Maximum budget of $2,000 per employee. Apple and Dell are the preferred manufacturers.
- **Monitors & Displays:** Maximum budget of $600 per monitor. 4K resolution is approved for engineering and design departments.
- **Accessories (Keyboards, Mice):** Maximum budget of $150 per employee.
- **Shipping:** Delivery must be guaranteed within 14 days of order placement.

2. Software & Cloud Subscriptions

- All SaaS subscriptions must be billed on an annual basis to secure enterprise discounts.
- Monthly software subscriptions exceeding $50/user/month require explicit Director-level override.
- Vendors must comply with SOC2 data security standards.

3. Office Furniture

- **Ergonomic Chairs:** Maximum budget of $500 per chair. Must include lumbar support.
- **Standing Desks:** Maximum budget of $700 per desk.
- Furniture vendors must offer minimum 1-year warranties on all mechanical parts.

4. Business Travel & Accommodation

- **Flights:** Employees must book Economy class for domestic flights. Business class is only permitted for international flights exceeding 8 hours.
- **Hotels:** Maximum nightly rate is $250.
- **Meals:** Daily per diem is capped at $75 per day.

5. General Purchasing Rules If an item is already available in the internal warehouse or local stock, employees must requisition the internal item rather than purchasing a new one from an external vendor. Split-purchasing (breaking a large invoice into multiple smaller invoices to avoid manager approval) is strictly prohibited.
